DRE Racetrack and Track Warm Up

The new Panigale family joins DRE where passion and performance come true

- > **DRE Racetrack:** the DRE course for those who want to experience the thrill of the track.
- > Didactic, fun and adrenaline combine within different courses depending on the level of experience: Track Evo, Track Evo2 and Track Master. The new Panigale family is the great protagonist of this format, with Panigale V2 for the Track Evo and Track Evo2 courses and Panigale V4 S for Track Master.
- > Finally, the Racetrack One to One, which is divided into three categories: One to One V4 S, One to One V4R and One to One Superleggera V4.

- > **DRE Track Warm Up:** the course focuses on riders who wish to learn the basics of riding between the kerbs. The format begins with a theoretical briefing followed by a series of exercises in the paddock.
- > The subsequent on-track training is divided into five sessions; the first is a warm-up lap to familiarize with the track while riding a model from the Ducati range (excluding the Panigale family). The following four sessions are instead carried out with the new Panigale V2, the ideal Ducati for a track debut.
